

Cast iron inserts are a kind of fireplace insert.

Most of the time, antique fireplaces' cast iron inserts are cast in one single part.

On some r	are fireplaces, the insert is also made ou	t of copper, and is often ver	ry elaborately decorated.	

3. Modern cast iron inserts

Sometimes, we can also make modern cast iron inserts, which are new editions of antique models. In this case, the cast iron insert is perfectly adapted to fit the fireplace.
